I CLAIM:

1	1. A personal, mixed salad container comprising:
2	a plastic bag of predetermined dimension;
3	a first sealed compartment within said bag containing
4	a preselected amount of salad;
5	a second compartment within said bag containing a
6	preselected lesser amount of salad dressing;
. 7	first means for dispensing said salad dressing from
. 8	said second compartment into said first compartment while said
. 9	first compartment remains sealed; and
10	second means for opening said first compartment after
. 11	shaking the mixture therein of said salad and salad dressing.
1	2. The personal mixed salad container of Claim 1 wherein
2	said plastic bag is of a PET composition.
1	3. The personal mixed salad container of Claim 1 wherein
2	the ratio of salad to salad dressing within the first and second
3	sealed compartments is of the order of 3-5:1 by weight.
1	4. The personal mixed salad container of Claim 1 wherein
2	said first sealed compartment contains substantially 1-2 cups of
3	salad.

5. The personal mixed salad container of Claim 1 wherein said second sealed compartment contains substantially 1-2 tablespoons of salad dressing.

- 6. The personal mixed salad container of Claim 1 wherein said first sealed compartment contains substantially 8-16 oz. of salad and said second sealed compartment contains substantially 3-6 oz. of salad dressing.
 - 7. The personal mixed salad container of Claim 1 wherein said first means dispenses said salad dressing upwardly into said first sealed compartment.
 - 8. The personal mixed salad container of Claim 1 wherein said first means dispenses said salad dressing downwardly into said first sealed compartment.
 - 9. The personal mixed salad container of Claim 1 wherein said second means includes one of an adhesive and interlocking coupling between opposing top sides of said plastic bag.
 - 10. The personal mixed salad container of Claim 9 wherein said first means includes one of an adhesive and interlocking coupling between opposing top sides of said second sealed compartment extending in one of an upward and downward direction into said first sealed compartment.

11. The personal mixed salad container of Claim 1 wherein said first means includes a rupturable separation between said first and second compartments rupturable by applied finger pressure.
